

A young girl with her hair in a bun, wearing a light blue long-sleeved shirt and a green backpack, is looking up at an adult's hand holding a dark metal railing. The adult is wearing a pink and blue checkered shirt. The background is a blurred outdoor setting with buildings and greenery. There are decorative diagonal stripes in the top-left and bottom-right corners.

Taking care of education  
and making it a

**PRIORITY**

**Let your voice be heard – take part in the public  
consultation on educational success**

This October, the government of Québec is launching an extensive consultation on educational success. Being the true experts on education, you have a say in the matter. There are different ways to voice your opinion.

The Centrale des syndicats du Québec's informative document, *Taking care of education and making it a priority*, as well as other reference material found at [education.lacsq.org](http://education.lacsq.org) will help you consider the many aspects of this important subject.

We also encourage you to visit the public consultation on educational success website at [www7.education.gouv.qc.ca/dc/consultation/index.php?L=en](http://www7.education.gouv.qc.ca/dc/consultation/index.php?L=en). You will be able to:

- Answer the open-ended question: "If you were Minister of Education, what would your three priorities be to ensure educational success for all Québec students?"
- Give your opinion, online, as to the avenues submitted by the Minister. Are they the right ones? And what do you think about them?
- Refer to your local union to get hold of further information on regional consultations.

Rest assured that we will also be taking part and will address all issues that are truly at stake when it comes to student success.
